Acceptable Use Policy

Version Control: 1.0 2015-9-18

This document describes Redstone Haute Couture Co., Ltd.’s (Registry Operator) Acceptable Use Policy ("AUP") as it applies to .TLD top-level domain name (TLD). By registering a name in the .Redstone TLD domain, the registrants must represent and warrant that they will not use the domain name for any illegal purposes, including without limitation, to:

• Illegal or fraudulent actions;

• Spam: The use of electronic messaging systems to send unsolicited bulk messages. The term applies to email spam and similar abuses such as instant messaging spam, mobile messaging spam, and the spamming of web sites and Internet forums;

• Phishing: The use of counterfeit web pages that are designed to trick recipients into divulging sensitive data such as personally identifying information, usernames, passwords, or financial data;

• Pharming: The redirecting of unknowing users to fraudulent sites or services, typically through, but not limited to, DNS hijacking or poisoning;

• Willful distribution of malware: The dissemination of software designed to infiltrate or damage a computer system without the owner’s informed consent. Examples include, without limitation, computer viruses, worms, keyloggers, and Trojan horses.

• Malicious fast-flux hosting: Use of fast-flux techniques with a botnet to disguise the location of web sites or other Internet services, or to avoid detection and mitigation efforts, or to host illegal activities.
• Botnet command and control: Services run on a domain name that are used to control a collection of compromised computers or "zombies," or to direct distributed denial-of-service attacks (DDoS attacks);

• Illegal Access to Other Computers or Networks: Illegally accessing computers, accounts, or networks belonging to another party, or attempting to penetrate security measures of another individual’s system (often known as "hacking" ). Also, any activity that might be used as a precursor to an attempted system penetration (e.g., port scan, stealth scan, or other information gathering activity).

• Use, promote, encourage the promotion of, or distribute child abuse images or engage in the exploitation of minors in any way;

• Illegally sell or distribute pharmaceuticals;

• Infringe the intellectual property rights of any other person or entity including, but not limit to, counterfeiting, piracy or trademark or copyright infringement;

• Impersonate any person or entity, or submit information on behalf of any other person or entity, without their express prior written consent;

• Violate the privacy or publicity rights of any other person or entity;

• Engage in activity that is contrary to the relevant laws of the People’s Republic of China. Pursuant to the Registry-Registrar Agreement, registry operator reserves the right at its sole discretion to deny, cancel, or transfer any registration or transaction, or place any domain name(s) on registry lock, hold, or similar status, that it deems necessary: (1) to protect the integrity and stability of the registry; (2) to comply with any
applicable laws, government rules or requirements, requests of law enforcement, or any dispute resolution process; (3) to avoid any liability, civil or criminal, on the part of registry operator, as well as its affiliates, subsidiaries, officers, directors, and employees; (4) per the terms of the registration agreement and this Anti-Abuse Policy, or (5) to correct mistakes made by registry operator or any registrar in connection with a domain name registration. Registry operator also reserves the right to place upon registry lock, hold, or similar status a domain name during resolution of a dispute. Registry Operator will provided an anti-abuse e-mail address on its site (abuse@nic.redstone), and will timely respond to such inquiries. Registry Operator reserves the right to modify, change, or discontinue any aspect of its services, agreements, or this Acceptable Use Policy.
